'A GROWING NEWSPAPER ☆ IN A GROWING COMMUNITY'

Volume 51, Number 4.

CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA

Thursday, December 13, 1945

In spite of urging by the Outdoor Christmas Tree Association under the sponsorship of the California State Chamber of Commerce to say "welcome home" to returning servicemen with cheering outdoor Christmas lights, it looks as though Campbell would be undecorated for the holidays. Tony Raffanti and Gene Hodges, the committee for decoration, report that although permission was given by the school trustees to light up the Roosevelt tree and Max W. Mercer, of Mercer Electric had promised to furnish sockets, wiring and labor for the enterprise, no lights are available. They have left no stone unturned in their fruitless search but from the looks of things Campbell's holiday dress will have to be made by individuals in their homes and businesses.

Mrs. Charlotte Willett Sutter, the oldest resident of Campbell, who was born and raised here, has taken issue with Mr. Elgin Hurlburt's report in last week's Press that the first meeting of Old Settlers' Day was held in the Sutter Hotel. Mrs. Sutter says that was the second meeting, the first being held in the old brick dryer on the railroad tracks. Maybe this could be settled by Old Settlers' Day, just to keep the record straight.

The women of the Methodist church, under the leadership of Mrs. LBen Howard, spared no effort to make their bazaar, tea and dinner last Friday a huge success. The bazaar was dominated by a "Round the World" theme and each country was well done. The Chinese costumes in "China" were exquisite examples of that country's art. America was represented by "Babyland" complete with bassinet and a tree which played "Silent Night", presided over by nurses' aides. The tea, of course, was under the jurisdiction of "England" and authentically British it was with real British holly and small British flags on the tables.

Mrs. H. Binley made an attractive French maid presiding over the home-made candy in "France" and Mrs. Archie Keesling wore a most elaborate Mexican costume to dispense farm produce. "Holland" and "India" were filled with fascinating gifts and "Sweden" was particularly gay. Featured in that country's cheerful handiwork were original "Ray Flagg" aprons for men. Ray Flagg, a student at the Campbell High school and a relative of the famous James Montgomery Flagg, is rapidly winning a name for himself with his clever art work.

There was a waiting line for seats at the Woman's Club for the dinner that night—but it was worth waiting for! Practically the whole town turned out in family groups and the younger generation was very much on its best behavior.

Betty Grass, the Campbell Red Cross worker in Panama who was dramatically rescued on a swimming party there several weeks ago, is reported due home in February for a visit. She is recovering slowly from a fungus infection, acquired at the time of her accident.

## Maryan Rucker Returns

Miss Maryan Rucker, daughter of Mr. and Mrs. G. A. Rucker, Santa Clara-Los Gatos Road, who has been serving as a specialist in the Waves for the past 20 months, landed on Treasure Island on Wednesday from Pensacola, Florida. She served there as an instructor in gunnery and photography. After the first of the year Miss Rucker plans to return to Palo Alto where she was teaching before entering the service.

## Dean Chamberlin Back

Lt. Dean Chamberlin has returned from service in the Philippines and will resume teaching at the Campbell Union High school next semester. His classes will include English, public speaking and dramatics.

## Christmas Program At School

The Campbell Union High school has made elaborate preparations for the Christmas program to be held in the school auditorium the evening of Dec. 19 at 8 p. m. The production will include selections from the choir and the orchestra and also a pageant which has been under the direction of Miss Gladys Strickland before she was called East by her parents' accident. Mr. C. P. Klassen has taken over the supervision in her absence.

The program, which is open to the public, will begin with a candlelight procession by the choir. Then it will sing several selections including "Hark Now O Shepherds", "Ave Maria", "Carol of the Drums", "Lo What a Beauteous Rose", "Praise Ye the Lord", and "Go Tell It On the Mountains". The orchestra will play "Spirit of Christmas" and "Ave Maria" by Schubert. The choir and orchestra are both under the direction of Frank Triena.

Entitled "Peace on Earth", the pageant relates the traditional story of the finding of the Christ child, and the visit of the shepherds and the wise men with their gifts. The story is told in a series of tableaux and follows the Biblical record of the birth of Christ.

Dale LaMar is the reader and members of the cast are: Mary, Elaine Pierce; Joseph, Don Fagade; angel, Alberta Brown; shepherds, Charles Nell, David Solon, Eldred Nelson, Alfred Madson; wise men, Mac Martin, Tom Garski and Ronald LaMar.

In charge of the wardrobe are Coralie Hill and Jean Dugan. Don Fagade doubles as stage manager and Charles Chapman is electrician for the production.

## Rites Held For Hassler Boy

The community was shocked to learn of the unexpected death last Thursday of Irvin Hassler, 5-year-old son of Mr. and Mrs. Irvin Hassler, Campbell. The boy, who became suddenly ill underwent an operation in an effort to save his life but died shortly afterwards. Funeral services were conducted Monday at 2 p. m. at the Rutherford Funeral Home with interment at the Santa Clara City cemetery.

He is survived by his parents, a sister, Lorraine Latmore; five brothers, Raymond, William, Rupert, Charles and George; and a grandmother, Mrs. Cecilia Sheneave of San Jose.

## Canned Food Needed

St. Lucy's church is taking an active part in the national campaign for foodstuffs organized by the War Relief Services of the National Catholic Welfare Conference to aid the starving peoples of Europe and the Far East, regardless of race or creed.

The total in the nationwide drive, which began Dec. 9, is 20,000,000 cans of food. Any kind of canned food will be acceptable, home processed or commercially packed.

Next Sunday will be the last day in the local drive and all those desiring to contribute may bring their cans on Sunday to the church or the church hall on Third St. During the week, the foodstuffs may be left at the home of Mrs. Ira Grim, 11 S. Third St.

## First Forum Here Proves Provocative

Campbell's first community forum was off to a flying start with Dr. Buell Gordon Gallagher's initial talk Sunday evening at the Methodist church. Dr. Gallagher is a professor of Christian Ethics at the Pacific School of Religion in Berkeley and was, until recently, president of Taladega College. He is considered an authority on race relations and is the author of "The Negro College and the American Caste System".

Dr. Gallagher, a dynamic and skilled speaker, chose as his topic "One World or No World", stressing the need for world unity now as never before. He held his audience's interest completely through an analysis of our problems on the threshold of the atomic age. Mankind, he said, is unprepared for the responsibility both of the destructive powers of the atomic bomb and the constructive possibilities of atomic power. He sees in the atomic age, "the awful portent of an unknown future" and believes that none of our old ways will be equal to the challenge.

His solution for man's personal reaction to his impotence in the midst of power is a blending together of the ancient Greek and Hebrew traditions which recognize knowledge as power and pain as the price of knowledge.

Unless man is to be destroyed by his fear of other men he must learn through his spirit a fear of God, according to Dr. Gallagher. His solution for the world peace and the constructive use of our mighty secret is world government for he believes nationalism clumsy in technique and completely outmoded in the new order. "As the world is one in fact, it must be one in purpose and performance".

In order to achieve this oneness, there must be absolute equality for all men and all races and before this can be done on a world basis, it must be done on a local one. Since man has discovered the ultimate source of all energy, so he must now know that the atom is the source of all matter, all flesh. "We can be one in life, if we are one. Refuse to be one in life, we shall be one in death", said Dr. Gallagher.

Pressed by his audience during the discussion period, for practical approaches to the problems to be overcome, Dr. Gallagher advocated, besides letters to congressmen and senators, the making of our own locality a section free from racial prejudice which would be the proof of our sincerity to our congressmen and to the world at large. If this is not done in our own communities, he said, we cannot hope to do it in the world or to shape the attitudes of our school children through their environment.

## Navy Man's Wife To Sail

Mrs. James Gardner will sail from San Francisco Dec. 18 to join her husband, James Gardner at the U. S. Naval Air Station at Kaneohe, Oahu, in the Hawaiian Islands. Gardner, whose picture appeared in the Campbell Press recently, has just been advanced to chief aviation machinist's mate. When the good news came that she would be allowed to sail, Mrs. Gardner immediately telephoned her husband in the Islands and learned that he has located an apartment for them in anticipation of their reunion before Christmas.

## Keith Marcuson Discharged

After two years' service in the AAF, Keith E. Marcuson, son of Mr. and Mrs. Paul E. Marcuson, Campbell, has been honorably discharged. The former lieutenant served as a bomber navigator, and before entering the service was employed at the Joshua Hendy Iron Works in Sunnyvale.

## Do Christmas Mailing Now

If you haven't done your Christmas mailing yet, please do it at once. Postoffices throughout the country are handling one of the biggest volumes of Christmas mail in history and are doing it with greatly undermanned staffs. Thousands of postal employees are still in the armed services.

What is more, the Nation's transportation is still jammed by the homeward rush of veterans. As a result the transport system is going to be hard pressed to handle the deluge of packages and cards.

Here are a few suggestions as to how you can help: 1. Mail all Christmas packages and cards at once. 2. Be sure the address is complete and correct, including the return address. 3. Wrap packages securely.

If you do these things you will help the postman and also ensure the arrival of your Christmas mail by Dec. 25.

## Wedding Plans Announced

Mr. and Mrs. Lee Roberts announce the engagement of their daughter, Mary Nell, to Mr. Eugene Wesley Green, son of Mr. and Mrs. George Green, Casey Ford. The bride-elect is a graduate of the University of Georgia, and has been teaching home economics in the Hawkinsville, Georgia, high school for the past year.

The prospective bridegroom has served in the Army in the European theater for the last three and one-half years. He plans to enter the Georgia School of Technology in Atlanta in February to resume his studies.

Dec. 23 has been set as the date for the wedding, to take place at the home of the bride's parents in Georgia.

## Mrs. Fields Home From Visit

Mrs. M. F. Fields, Winchester Road, returned recently by train from Seattle, Washington, after a two weeks' visit with her daughter and son-in-law, Mr. and Mrs. Dillard H. Chapman. Her daughter will be remembered by classmates as the former Dorothy Fields. Mr. and Mrs. Chapman became the parents of a baby girl on Nov. 16 at Providence Hospital in Seattle, where Mrs. Chapman formerly trained as a cadet nurse.

Velma Fields, yeoman 1/c, stationed in Seattle, has recently received her honorable discharge on the point system and is spending the holidays with her sister.

## LaFayette Richardson Dies

A small private service was conducted on Sunday afternoon at the Rutherford Funeral Home for LaFayette Richardson, father of Frank Richardson, Rincon Ave., who died last Thursday in San Jose. Besides his son in Campbell, he is survived by a son and daughter in Mobile, Ala., and the funeral and interment will take place here.

## Group 2 To Hold Christmas Party

Group No. 2 of the Congregational church will hold its Christmas party Dec. 20 at the home of Mrs. Thomas Rogers in San Jose. Guests should bring a covered dish. There will also be a gift exchange. Transportation is arranged to leave the church at 12:30.

Due to the increased cost of producing the paper and in conformity with other weekly papers in the state, the subscription rate of The Campbell Press will be \$2 per year, beginning Jan. 1, 1946. All those desiring to renew their subscriptions or buy new ones, may do so at the present rate of \$1.50 before Jan. 1.

## Seal Sale Slow In Third Week

As the 39th annual Christmas Seal sale ends its third week, returns continue to lag 3000 behind returns for the same day last year. Funds raised through the sale of Christmas Seals will be used to finance the 1946 program of the Santa Clara County Tuberculosis Association which must be expanded to combat a threatened increase in tuberculosis during the postwar years.

Mr. J. M. O'Keeffe of San Jose, president of the Santa Clara County Tuberculosis Association, urging support of the 1945 sale said "If the war were still on we would all be fighting still shoulder to shoulder. There is another war being fought here at home and that is the battle against tuberculosis. It is predicted that 50,000 of our boys who escaped bullets will be victims of tuberculosis. The war's end does not mean any lessening of the necessity for an all-out fight against this disease. The public is urged to continue its support during this critical period. Buy and use as many Christmas Seals as you can possibly afford."

Funds will be used during 1946 for an expanded program of tuberculosis case-finding; public health nursing, purchase of more X-ray equipment for use in general hospitals to take routine chest X-rays of all hospital admissions. It is planned to place the unit first in the County Hospital.

Martin S. Walsh is the local chairman for the drive.

## Fire Guts Home

Fire Tuesday morning demolished the contents of a house, owned by A. T. Davey, at 43 Rincon Ave. The house was occupied by Mr. and Mrs. Earl Baumgarner who were both at work at the time the fire was discovered. An unidentified passerby, seeing smoke escaping from a window, turned in the alarm and when the firemen arrived they found the entire inside of the house in flames. Some of the Baumgarner's clothes were saved but most of the furniture was completely destroyed by fire and water. Quick action prevented the fire from spreading to neighboring houses.

Cause of the blaze was believed to be smoker's carelessness.

## Grammar School Presents Program

A pageant, "The Christmas Story", is to be presented by the students and faculty of the Campbell Union Grammar school on Thursday and Friday evenings, Dec. 20 and 21, in the Campbell Grammar school auditorium.

Leads are played by the following: Narrator, George Ingram; Mary, Nina Sallitto; Joseph, Clarence Gray; innkeepers, John Aspesi, Walter Harmon, Jesse Holt; kings, Bill Starr, Lloyd Gravatt, Bob Philpott; shepherds, Tom Osborne, Michael Degmetich, Orme Shockley, Billy Weeks, J. E. Pounds, Leroy Little, Roy Nelson; angels, Mildred Weeks, Marilyn DeVita, Ann Bowdoin, Barbara Romano, Sherrilee Plessner, Sharon Allen.

The program will include approximately 250 children including three choruses and orchestra.

Proceeds are for the benefit of the much needed auditorium ventilating system.

## Ray Mathis Home

Ray L. Mathis, ship's cook 2/c, USN, son of Mr. and Mrs. Ray Mathis, is in Campbell on a 30-day leave. He served in the submarine service and has been in the Pacific theater for the past 22 months.

## Campbell Now 90 Per Cent

Guy Farley, leader of the Victory Loan drive in Campbell, announces that Campbell has now 90 percent of its E bond quota which, in view of the lagging in other centers, is a remarkable record. Mr. Farley wishes to thank all of the workers who helped to make this campaign a success and also the Campbell Press for its cooperation.

While the Victory Loan campaign was scheduled to close Dec. 8, Washington has advised the Northern California War Finance Committee that to assist in attaining quotas, all sales of bonds in series E, F and G and series C tax notes up to and including Dec. 31 will be credited to campaign totals.

Immediately on receipt of these advices, W. W. Crocker, chairman of the Treasury's Northern California War Finance Committee, grasped the opportunity to put his territory over the top. Appealing to all workers everywhere to continue their efforts, he said:

"Naturally all of us want to see Northern California go over the top. It is fortunate that we have been given added opportunity. Our workers, representing men, women and children in every Northern California county, have done remarkable work, striving relentlessly and untiringly to do their part. I appeal to them now, each and every one, to continue efforts with unabated enthusiasm to the end that this campaign will close with Northern California going well over the top."

Crocker called attention to the fact that every dollar of the Victory Loan quota is needed to meet the final costs of the war just ended, to return war heroes from fighting fronts, to care for the wounded and to rehabilitate those who left civilian life to answer their country's call.

"And let's not forget," said Crocker, "that Uncle Sam is not asking us to give money—but only to lend it at good interest."

## Red Cross Needs Workers

Mrs. Archie Keesling reports that more workers are needed for the Wednesday afternoon Red Cross group which meets in the IOOF hall. Among the projects being worked on are garments for the Philippine relief, ditty bags and robes for convalescent soldiers. Mrs. Keesling says, "Although the war is over for many of us, it is not finished for all. There is still much to be done."

Donations of yarn are badly needed to use for crocheted and knitted squares used in the soldiers' robes. Anyone with yarn to give may leave it at the IOOF hall on Wednesday, or other times at the residence of Mrs. Billings, across the street from the hall.

## San Jose Alumni Meet Again

The Santa Clara County Chapter of the San Jose State College Alumni Association held its first postwar meeting Dec. 4 at the home of Ed Wetterstrom in San Jose, discussing the proposed memorial chapel and planning the rejuvenation of the chapter, inactive for some four years.

The organization's first social event will be a large Victory reunion dinner on Jan. 23, the place to be announced later. Returning service alumni will be especially welcome, says Mildred Moore, dinner chairman.

The next meeting will be on Thursday evening, Jan. 3, at 7:30, at Miss Moore's home, 210 S. Seventh St., San Jose.

## Floods Visit Friends

Mr. and Mrs. J. T. Flood and daughter spent Sunday afternoon at the home of the W. J. Shaw family in San Jose.

#### THANKS A LOT, JACK

Attention should be called to the long, faithful and valuable service which Jack Murdock has given to the Campbell fire department. He resigned last week after more than three years in the department as a lieutenant, but will continue to serve as a district commissioner. He has been tireless not only in his physical service but in his willingness to resume responsibility for this community service. One of the most important of his contributions was answering the fire calls at the Water Company office.

Murdock's fellow firemen accepted his resignation with genuine regret and a deep appreciation for what he has done. Let those who criticize the department give as unstintingly of their time and effort as he has before they voice further criticism.

#### THE SCHOOL FACES THE NEW AGE.

By MISS DOROTHY MERRIMAN

Today one of the duties of our schools is to attempt to fit the boys and girls to live in a new age where the outlook must be international in character. Almost over night the world has changed and a new age faces us. Magellan spent 1083 days in his globe circling voyage, but today we read of a world route being established which will be flown in six days. Magellan's world was approximately five hundred times larger than our world today.

Through the Air Age maps pupils are able to visualize the direct routes which are linking other nations. They are discovering new neighbors who in the past were considered inhabitants of lands on the other side of the globe. For example, Russia is recognized as a neighboring nation to the north which can be reached in seventeen hours by flying the Arctic route from Detroit to Moscow. The time distance is approximately the same as that required to fly from New York to Rio de Janeiro. Likewise, Shanghai is no longer a far removed Oriental city. It too, can be reached by a direct route from Fairbanks, Alaska, in about fifteen hours.

The young people in our schools are the ones who will assume leadership in this new world. They are being presented with the dangers and problems that the closer association brings. Their studies include an understanding of the peoples of the world, their cultures and their possible contributions to a society where all must live together as neighbors. World peace will be little more than a dream if the present generation is not taught that the true value of human worth is based on the service rendered by the individual and not on his nationality, color or race. They are being asked to envision "One World" with its limitless possibilities of achievement if all energies can be directed toward peaceful pursuits, or face the horrors too terrifying to contemplate if the dreams of world peace are not made a reality.

### PRESIDENT'S MOTHER IS 93

WASHINGTON. — The President's mother is 93 years old. It's been a long 93 years of taking knocks and enjoying good times since her birth November 25, 1852.

That was just two years after the famous Missouri compromise which historians claim contributed to the Civil war. In the years that have passed, the Jackson county farm where Martha Ellen Truman was born has become 33rd and Indiana avenue in Kansas City, while her son, whom she never expected to be President, now sits in the White House.

Like her son, Mrs. Truman is a friendly person who likes company, including newspaper reporters. And if it wasn't for her maiden daughter, Miss Mary Jane Truman, who lives with her, and another son, who lives not far away, the President's mother would be a mecca of news interest. But whenever her son and daughter see a reporter approaching, death lurks in their eyes. The newsmen is treated as a carrier of bubonic plague.

If you are fortunate enough to meet Mrs. Truman, however, you can understand where her son gets his energy. Except for being slightly hard of hearing, she is exceptionally hearty. Her voice is crisp, her observations pointed, and she possesses a poise and calmness of spirit rare in women of her age.

Like her son, who likes to get up early, Mrs. Truman is up with the dawn and about her household tasks. The house in Grandview, Mo., is a one-story affair, which enables her to get about without climbing stairs. A half-acre yard, enclosed by wire, surrounds the house. Four rocking chairs are in the front room.

### HELPED HARRY'S CAMPAIGN

Mrs. Truman reads with interest, occasionally attends the Baptist church, knows everyone in Grandview and until recently took an active part in the affairs of the community.

Back in 1934 when she was a relative youngster of only 82, Mrs. Truman even took an active part in Harry's campaign for the Democratic senatorial nomination, making frequent trips into Missouri counties visiting old friends in behalf of her son. Then, during the last Presidential campaign, she opened her home to women of Washington township communities and served as chairman of county group meetings for women party workers.

When Truman first was mentioned as Vice Presidential nominee, his mother didn't want him to be Vice President.

"Harry is doing a good job in the Senate," she said. "And he ought to stay there."

But listening to radio returns the night of the election, she switched chairs frequently and refused to go to bed until definite word of a Democratic victory was received.

"If Harry doesn't win," she commented then, "he won't be disgraced. After all, it won't kill him to lose."

Months later, when Truman was elevated to the Presidency by the death of the late Franklin Roosevelt, she said: "I never thought Harry would be President some day, like most mothers think. I never thought he would be Vice President—nor Senator, for that matter. But whatever he is—I'm for him."

And anyone who has ever talked with Mrs. Truman cannot deny that. Her eyes never fail to twinkle when someone mentions her son.

Mrs. Truman has enjoyed good health since her recovery from a fall in April, 1944, when she slipped on a rug and suffered a broken left hip and left shoulder. When she attends community activities she usually wears a black dress and hat, and a dark wool shoulderette to keep her warm.

Secret service men who have found it difficult to keep up with the pace of President Truman undoubtedly will agree with her statement describing her son when she said: "He is no slow person. He gets where he's going in short order."

#### Corporal Santos in Tokyo

The parents of Corporal M. J. Santos have received word that he has been promoted to sergeant. For the last three months he has been in Tokyo working in the radio station, General Headquarters, Public Relations Office. His living quarters are in the old finance building and the radio section is located in the luxurious studios, formerly Radio Tokyo.

In one of his recent letters home he mentioned attending a rodeo, part of which he recorded. There were 55,000 people there and most were G. I.'s. Santos reported that the steers and horses used looked as if they might drop dead any minute. Emperor Hirohito's famous white horse, "First Frost", was there and was ridden by a lieutenant—the first man to ride the horse besides the Emperor, according to the reports.

His last letter told of a visit to the city of Atami, a summer resort about 100 miles from Tokyo.

While stationed in the Philippine Islands, the Campbell man ran across his cousin, Warrant Officer Junior Grade Robert Semas of Santa Clara. He had been in Tokyo only a short time, when the second coincidence occurred and the two cousins met again.

#### Hall Elected

Last week's paper told of Bob Hall's nomination as one of the school favorites at Abilene Christian College in Abilene, Texas. This week, news from the college reports that he has been elected by popular vote as one of the six boys to be "school favorites". Each one of the six boys and six girls selected will receive a full page in the college annual, "The Prickly Pear".

Bob is the son of Mr. and Mrs. A. W. Hall, 82 S. Second St., and was a 1945 graduate of the Campbell High school where he was a member of the student council, president of the junior class, president of the county Hi-Y council, president of Block "C", president of the Hi-Y club and active in football, basketball, track and wrestling.

#### Little To Make Home Here

Floyd Little, recently discharged Carpenter's Mate 2/c, USN, and brother of Bude H. Little, was a guest at the Little home for two days on his way to join his wife and two children in Arkansas. He has served in the Navy for two years with 19 months in the Pacific. After spending Christmas with his family, he will bring them to Campbell to make their home.

## Stamp 39 Good Jan. 1

On New Year's day sugar stamp No. 39 in Ration Book IV can be exchanged for five pounds of sugar, the Office of Price Administration announced today. The current stamp No. 38 expired Dec. 1. Civilian sugar allocations for the first quarter of 1946 recently announced by the U. S. Department of Agriculture is not sufficient to permit increased rations, OPA said. Because carryover stocks of sugar, particularly in the Caribbean area have been heavily drawn upon during 1945, current needs now must be supplied from new crops coming in, it was explained.

Shipments of the 1946 crop from the Caribbean are not expected in substantial volume before March 1, according to the Department of Agriculture. For this reason department officials anticipate a temporary shortage especially on the East Coast.

Sugar allotments for institutional users for the January-February period, OPA said, will be computed on the basis of the same per-meal allowances as at present. Allotments for industrial users for the first quarter of 1946 will be substantially the same as for the last quarter of 1945.

## "Footlighters" To Present Play

The "Footlighters", Campbell's dramatic group, directed by Mrs. Dotty Fournane, will give three performances of "Godfather's Christmas", the first on Tuesday evening, Dec. 18, at the Methodist church, the second on Wednesday, Dec. 19, at the Congregational church, and the final performance on Saturday, Dec. 22, at St. Lucy's church. All three showings will begin at 8:15 p. m.

The leads in the play are taken by children of members of the "Footlighters", the only adult in the cast being Mrs. Marian Nelson, president of the "Footlighters", who takes the role of the mother, "Mrs. Lee". Miss Jolene Howard plays her daughter, and Charles Keessling, her son. Bud Levenberg is the godfather and Sid Mills the landlord.

Sandra Howard and George Nelson take the roles of "two friends", Billy and Nancy. Miss Nancy Alice Grim, daughter of Mr. and Mrs. Ira Grim, is the guest soloist, and the teen age choir of the Methodist church, will sing.

It can be said that true religion will make a man a more thorough gentleman than all the courts of Europe.—Charles Kingsley.

## Gold Centennial Coming

Santa Clara County' participation in the 1948-49 California Gold Centennial was under way today with acceptance by County Supervisor C. P. Cooley of Palo Alto of the chairmanship of the Santa Clara County 1948-1949 Gold Centennial committee. Appointment was made by William A. Smith, president of the County Supervisors' Association of California, and Joseph R. Knowland, Oakland publisher, statewide chairman of the California State Chamber of Commerce committee coordinating the big observance, and widely known as an authority on California history.

The romance and color of California's early days, plus the historic lore and landmarks of every section of the state will make this centennial unique in the world. The pride of Californians in their state — native or adopted — the spectacular fields open for celebration and the long-range, statewide observance will make the Gold Centennial the greatest state anniversary fete in American history.

Serving with Supervisor Cotoley will be representatives of the Native Sons and Daughters of the Golden West, historical societies, pioneer groups, schools, veterans' organizations, chambers of commerce executives, travel interests of all kinds and managers of fairs and major celebrations to arrange a thoroughly planned celebration. Already named to the county committee are:

Mrs. Mabel deSmet, Mrs. Ella Graham and Mrs. Stella Hailstone, Vendome Parlor No. 100, San Jose; Mrs. Thelma Marston, Mrs. May Stillwell, Mrs. Lillie Crnse and Mrs. Lillian Heppo, San Jose, San Jose Parlor No. 81, NDGW, San Jose.

Santa Clara County's celebration—or celebrations—will be integrated in the statewide program, according to Supervisor Cooley. The Santa Clara County committee will be represented in the Central Coast regional committee, meeting in San Francisco. The Central Coast regional committee in turn, will have membership on the statewide observance committee.

## Tule Lake Closes Soon

Dillon S. Meyer, national director of the War Relocation Authority, today announced that the wartime agency, set up under Presidential order to handle relocation of all persons of Japanese ancestry ordered evacuated from the West Coast by the military early in 1942, will complete its work within the next six months.

Said Mr. Meyer: "Only Tule Lake remains open at this time. The other eight relocation centers have been closed and the residents relocated, at least to temporary homes. The last center to close was Rohwer at McGehee, Arkansas. It closed Nov. 30, 15 days ahead of schedule."

"Tule Lake is scheduled to close no later than Feb. 1. By that time we expect to have resettled those residents who are eligible to relocate and who desire to return to their homes."

"It should be understood by all that those center residents whom we will relocate fall into the same category as the returnees from the other eight centers—they are those persons of Japanese ancestry, citizen and alien, who have been carefully screened and whose names do not appear on the detention lists supplied to the War Relocation Authority by the Department of Justice."

"Persons whose names appear on the Department of Justice lists are not eligible to relocate and will remain in the custody of that agency pending decision as to their disposition."

"The relocation program which will be carried out between now and Feb. 1 for the eligibles at Tule Lake will be the same program that was applied to residents of the other centers. They will receive exactly the same types of assistance that were offered at the other centers because they fall into the same category and have the same status."

Mr. Meyer pointed out that although Tule Lake was designated as a "segregation center" late in 1943, the center has been actually both a relocation and segregation center because of the thousands of residents there, who, unlike the segregates, expressed no wish to be expatriated or repatriated.

## TB May Strike The Old Also

"You are never too old to get tuberculosis."

Tuberculosis Associations in California, currently appealing for funds to finance their programs through the 39th annual Christmas Seal sale, have based this slogan on official statistics compiled by the State Department of Public Health.

Nearly one-fifth of 8626 tuberculosis cases reported to the State department in 1944 were of persons over 55 years of age. Approximately one-third of all the tuberculosis deaths in California were among persons in this age group.

"In conducting X-ray programs in California for the purpose of finding tuberculosis in its early stages, Christmas Seal organizations are constantly inviting the participation of older persons," Dr. Howard W. Bosworth, Los Angeles, president of the California Tuberculosis and Health Association, said today.

"This is not an attempt to bypass younger people—tuberculosis is still the No. 1 killer in the 15-45 age group. Disease and death are always more tragic and more dramatic when they strike the young. Literature is crowded with young heroines and heroes wasting away with tuberculosis to the extent that we are inclined to forget that this disease also is a constant threat to those who have passed the middle-age level.

### THANKSGIVING FOR PEACE

Dear God, bend down from thy Heaven,

And listen to all of the earth,  
As we send our prayer of Thanksgiving

For the Peace thou hast given birth.

Hear our pledge to guard this blessing,  
Pledge to keep the whole world free.

With all men to dwell as brothers,  
As did One, on Galilee.

Humbly we promise, Oh Father,  
To serve thee, more and more,

With a love that reaches all mankind,  
To keep the Peace, forever more.

Thou hast sent to us, thy dove of peace,  
Thou hast given a Fatherly smile,

Dear God, return to thy Heaven  
And rest Thyself, for a while.

—Clara Beebe Baldwin.

## Farm Wages Not Relaxed

Controls over farm wage rates have not been relaxed or changed in any way, it was announced today by John E. Cooter, executive officer of the California USDA Wage Board. Such winter jobs as tree and vine pruning, tractor driving and tillage operations of all kinds are governed by the General Farm Wage Regulations of the United States Department of Agriculture in the same way as in preceding seasons, he said.

The general regulations govern all farm work, except where specific wage rate ceilings have been established for certain commodities and jobs, Cooter explained. They provide a maximum wage rate of \$200 a month (85 cents an hour on an hourly basis) except that if any employer paid a higher rate for a particular job before Dec. 9, 1943, he may continue to pay it legally. No increase above these levels can be made without written permission of the Wage Board, based on application for individual adjustment.

Penalties provided for violations include imprisonment up to one year, a fine of not more than \$1000, or both, applicable to workers and employers alike. An employer who disobeys the law may be disallowed deduction from his income tax return of all wages paid at an illegal rate as an additional penalty. Bonuses, gifts or prerequisites of any kind cannot be used to increase workers' compensation above the legal maximums, Cooter emphasized.

### Cecil Keesling Discharged

Cecil S. Keesling, son of Mr. and Mrs. Archie Keesling, has received an honorable discharge from the Navy and is now at home with his wife at Mill Valley. He served two years in the Pacific theater as a carpenter's mate 2/c in the Sea Bees. Since his return he has made several visits to his family's home in Campbell and they have also visited in Mill Valley.

Thousands of babies and children soon may be deprived of milk, unless the public returns millions of missing milk bottles.

This new warning was issued today by leaders of the Pacific Coast Dairy Industry, which has united to combat the most serious container shortage in history.

## Large Sum To Be Spent

More than \$9,476,000 is expected to be spent during the next five years by Santa Clara County home owners on remodeling and repair work.

The year 1946 promises to inaugurate one of the greatest eras in American history for home repairs and modernization, according to estimates released by the Tile Council of America. "Few developments will contribute more to employment and general prosperity in any community," according to R. E. Jordan, chairman of the Council's Residential Construction committee.

Because of lack of materials and manpower during the war, majority of the county's 56,406 prewar dwelling units are in need of some kind of repair or remodeling work. Kitchen improvements and modernization of bathrooms, installation of tiled showers and in some homes addition of a bath top the nation's list of most wanted major improvements, Jordan said.

Outside jobs are needed on more than 50 per cent of homes, and addition of rooms and construction of porches also rank high in remodeling plans, according to the report. New roofing and heating plants are required by many dwellings.

Home owners in California will spend an estimated \$395,340,000 and those of the nation more than \$5,500,000,000 for major repairs alone in the next five years, according to Jordan. Ample funds, at low interest charges, are available for such work through commercial banks, savings and loan associations, credit unions and mutual savings banks, he pointed out.

### Joint P. T. A. Meeting

The joint Christmas meeting of Campbell High and Campbell Elementary P. T. A. units will be held next Wednesday, Dec. 19, at 8 p. m., in the high school auditorium. All routine business will be dispensed with for the Christmas program by the high school students.

### Kiwanis Meet

Members of the Kiwanis club met at their regular weekly meeting Tuesday and made records. Guests at the meeting were Joe McKinnon, Louis Bergna, Hans Neilson, who brought the recording equipment, and Stanley Gould, the weekly Campbell High visitor. The Rev. Robert Carlson will be chairman next week and the guest speaker will be the Rev. Clarence Sands, minister of the First Baptist church in San Jose who will speak on "Christmas."

## Veterans Want Housing Preference

The Veterans of Foreign Wars have called upon Congress and President Truman to initiate legislation at once to establish a Veterans Relocation Authority with power to place discharged veterans in temporary available housing in preference to persons who have not seen military service.

According to word received from Commander Richard H. Newhall, California Department Commander, now attending a National Council of Administration meeting in Kansas City, the VFW believes that the creation of a Veterans Relocation Authority is the only basis whereby veterans can hope to find living quarters during the current housing shortage.

A resolution to this effect was passed by the National Council of Administration. The resolution condemned the practice of placing enemy aliens who were dislocated and placed in custodial care by the Federal Government in homes under control of other branches of the government while veterans find it impossible to find housing for themselves and their families.

Newhall said that men who fought for their country and who were dislocated because of their patriotism and not for security reasons are entitled to first consideration by the government.

### Students to Attend Opera

Fifty-four students of the Campbell Union High school will attend the Saturday matinee performance of the San Carlo Opera Company at the War Memorial Opera House in San Francisco on Jan. 19. They have selected "The Barber of Seville" for their theater party.

The San Carlo, now on its 35th transcontinental tour, will be in the Opera House from Jan. 14 to 23, giving 11 performances of standard operas at popular prices. Tickets for all performances are now on sale at the Opera box office, City of Paris, San Francisco.

### Mr. Schwab at Home

He is recovering from a severe attack of pneumonia. Luckily his daughter, Mrs. Luella Ryan had entertained at a birthday dinner at an earlier date in compliment to him and to Mrs. L. J. Osborne. ## Box Office Reporter

Among the many attractions coming this week to the Campbell Theater is the outstanding picture, "Wilson", starring Alexander Knox, Charles Coburn, Geraldine Fitzgerald and Thomas Mitchell. This Technicolor epic is an endeavor to mingle entertainment, interest and significance, for it is the story of Woodrow Wilson and the First World War.

In essence it is a recounting and graphic recital of Professor Wilson's idealism concerning democracy voiced at Princeton, leading to his career in politics and finding ultimate crystallization and climax of world importance in his advocacy of the League of Nations.

Subordinate but intensely present is the emotional life of the man and the devotion of the wives who gave him sympathy, affection and understanding at home while he faced a difficult world. There are heart throbs, tears and smiles.

Most important is the timeliness of the offering. It is a telling of that war which was to end all wars, before us now in this December of 1945 when the Nation has just finished another war to end wars.

There are many incidental elements of keen appeal, with nostalgic reference—football, bits of a show at the Palace, and the song hits of yesterday. With decided adroitness many issues which might have arisen have been avoided and numerous opportunities to burden the tale with irrelevant "messages" have been ignored. Completely in Technicolor, save for newsreel interpolations, it is a tapestry of continuing pictorial splendor.
